#### FULL STACK WEB DEVELOPER · SOFTWARE ENGINEER

Ceará, Brazil - UTC-3

【 (+55) 85-99713-0901 | ■ dyegoaurelio@gmail.com | dyegoaurelio | dyegoaurelio

### Skills

**Front-end** React - Next.js - Redux - React - Vite - Jest - HTML5 - CSS

**Component Libraries** Mui - Mantine - Styled Components - Bootstrap

**DevOps** AWS - Docker - Azure - GitHub Actions - Heroku - Vercel **Back-end** Flask - Django - FastApi - Express.js - PostgreSQL

### About\_

I'm extremely passionate about programming, web development and Linux. I've worked with many full stack technologies, mostly using Typescript and Python. I'm a great problem solver and can work with agile environments.

I also like open source projects, so I contribute whenever I'm able to help projects I use.

# **Experience**

Finacy Remote

SOFTWARE ENGINEER Jun. 2023 - Present

• Lead the development of the Finacy game and overall application (MERN stack with Godot for the game engine)

• Manage all DevOps for the application infrastructure, test environments, including CI/CD

Participate in team planning meetings, product roadmap discussions, provide technical advisory based on proposed features and more

• Finacy is the financial literacy app for kids. In an ever more complicated financial world, teaching kids the money principles that will ensure they're set up for a financial sound future is more important than ever!

PublicSquare Remote

SOFTWARE ENGINEER Jun. 2023 - Present

• PublicSquare is a budding venture studio. We're always hiring for talented technologists looking to work on mission-driven ventures.

• Our first venture is Finacy, with a mission of bringing engaging financial education and financial products to families across the US, to help young people grow into financially healthy adults.

Mobills Ceará, Brazil

FRONTEND DEVELOPER Mar. 2021 - Dec. 2021
