Ceará, Brazil - UTC-3

(+55) 85-99713-0901 | dyegoaurelio@gmail.com | dyegoaurelio | dyegoaurelio

Skills

DevOps	AWS - Docker - Azure - GitHub Actions - Heroku - Vercel
Programming	Python - Typescript - Javascript - Bash
Back-end	Express.js - Flask - Django - FastApi - MySQL - PostgreSQL - MongoDB
Data Science	Pandas - Power Bi

About

I'm extremely passionate about programming, web development and Linux. I've worked with many full stack technologies, mostly using Typescript and Python. I'm a great problem solver and can work with agile environments.

I also like open source projects, so I contribute whenever I'm able to help projects I use.

Experience

Finacy   *Remote*
SOFTWARE ENGINEER   *Jun. 2023 - Present*
- Lead the development of the Finacy game and overall application (MERN stack with Godot for the game engine)
- Manage all DevOps for the application infrastructure, test environments, including CI/CD
- Participate in team planning meetings, product roadmap discussions, provide technical advisory based on proposed features and more
- Finacy is the financial literacy app for kids. In an ever more complicated financial world, teaching kids the money principles that will ensure they're set up for a financial sound future is more important than ever!

PublicSquare   *Remote*
SOFTWARE ENGINEER   *Jun. 2023 - Present*
- PublicSquare is a budding venture studio. We're always hiring for talented technologists looking to work on mission-driven ventures.
- Our first venture is Finacy, with a mission of bringing engaging financial education and financial products to families across the US, to help young people grow into financially healthy adults.

Pax Insurance Broker   *Ceará, Brazil*
SOFTWARE ENGINEER   *Mar. 2021 - May 2023*
- Developed a system to manage costumer's Health Insurance changes
- Creation of Power Bi panels for business presentations
- Developed a database to store all costumer's data
- Development of various systems in order to automate many company's internal processes using Python ans Pandas

Mobills   *Ceará, Brazil*
FRONTEND DEVELOPER   *Mar. 2021 - Dec. 2021*
- Worked on many new features, refactors and bug fixes on Mobills web platform, using React, Redux and Redux Saga
- Personalized Zendesk templates using Vanilla JS and CSS for Mobills Help Center
